MEMORANDUM FOR: Director of Central Intelligence

FROM : Special Assistant for Interdepartmental Affairs

SUBJECT : Cabinet Meeting, 6 May

1. The Cabinet office sent papers for items 2, 4 and 5. They are included under the appropriate tabs. The first agenda will probably be a briefing on the reported budget compromise. *item*

2. Harry Fitzwater provided some background on CIA efforts against fraud and waste. Jim Glerum provided some background on the mandatory retirement age initiative.

-- John McMahon sent a memo to Craig Fuller in early April outlining our position and concerns.

-- The proposed legislation could threaten CIA's preferred retirement system (CIARDS) (along with that of the Foreign Service), depending on how it is written. Jim asks that you make a pitch for excluding the CIARDS from any such legislation.

3. We have nothing to say on the mortgage issue.

4. A cancelled Cabinet meeting last Friday was scheduled to address reducing travel costs. Harry Fitzwater has provided you some background on the subject, should it come up.
